Tondi menjelaskan bahwa pada semester pertama tahun ini, DMAS meraih marketing sales lahan industri sebesar 10,4 hektar. Di awal semester kedua tahun ini, DMAS berhasil menjual sekitar 2 hektar lahan industrinya sebelum akhirnya mencapai kesepakatan jual beli lahan dengan AHM sebesar sekitar 38,3 hektar lahan industri. Melalui penjualan-penjualan tersebut, total marketing sales lahan industri DMAS hingga saat ini telah mencapai sekitar 51 hektar dan telah melampaui target pada tahun ini 50 hektar.

Sebelumnya, Tondi juga menjelaskan bahwa permintaan lahan industri berangsur membaik sejak kuartal kedua tahun 2016. "Apalagi saat ini kami sedang bernegosiasi dengan sejumlah perusahaan yang berminat untuk berinvestasi di kawasan industri Kota Deltamas. Dengan membaiknya kondisi makro ekonomi dan perkembangan infrastruktur di Indonesia, kami meyakini bahwa potensi penjualan lahan industri ke depannya akan tetap ada," imbuhnya.

Saat ini, DMAS terus mengembangkan kawasan terpadu modern Kota Deltamas dengan area pengembangan mencapai 3.053 hektar dengan cadangan lahan lebih dari 1.600 hektar. Kawasan tersebut memadukan kawasan industri, komersial dan hunian. Kawasan Kota Deltamas terletak di lokasi yang sangat strategis yaitu di jalantol Jakarta-Cikampek KM 37 yang merupakan episentrum kawasan industri di sepanjang koridor jalantol Jakarta-Cikampek.

DMAS

of second semester this year, DMAS succeeded to sell around 2 hectares of industrial land before finally completed land sales agreement with AHM of around 38.3 hectares industrial land sales. Through the sales, DMAS has reached around 51 hectares industrial land marketing sales till date and has surpassed this year's target of 50 hectares.

Previously, Tondi also explained that industrial land inquiries were gradually increasing since second quarter of 2016. "Furthermore, we are currently under negotiation with some companies that have interests to invest in Kota Deltamas' industrial estate. With the stabilizing macro economy situation and infrastructure development in Indonesia, going forward we believe that the industrial land sales is still very potential" added Tondi.

Currently DMAS continues to develop its Kota Deltamas modern integrated estate with total development area of 3,053 hectares, including its land bank of more than 1,600 hectares. This estate integrates industrial, commercial, and residential area. Kota Deltamas is strategically located on the side of Jakarta-Cikampek Toll Road KM 37, which is at the epicenter of industrial estate alongside the Jakarta-Cikampek toll road corridor.

DMAS will continue to expand and
